8. NEW POLICY – **The Patent and Trademark Resource Center Policy - 700-500** (1st reading)

Trustee Thomas Maher moved to waive the reading of the Patent and Trademark Resource Center Policy (Policy 700-500). The motion was seconded by Trustee Brianna Baker-Stines and adopted by a unanimous 6-0 vote.

The Smithtown Library is an accredited member of the United States Patent and Trademark Office's (USPTO) Patent and Trademark Resource Center (PTRC) Program. The PTRC program is a nationwide network of public, academic and state libraries that disseminate patent and trademark information and supports the diverse intellectual property needs of the public.

Recognition as a Patent and Trademark Resource Center by the Undersecretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office reflects support and commitment from the USPTO. Said support includes, but is not limited to, training of and on-going assistance to participating staff at PTRC member libraries.

Library staff trained to participate in the PTRC program are denominated PTRC Representatives. The manner in which PTRC Representatives may aid inventors and entrepreneurs are to:

- *Provide reference assistance and outreach.*
- *Provide access to resources such as the PubEAST and PubWEST databases.*
- *Explain the application process and fee schedules.*
- *Demonstrate how to use search tools to conduct a patent or trademark search.*
- *Demonstrate how to access a directory of local patent attorneys who are licensed to practice before the USPTO.*

- Offer classes on intellectual property.
- Offer assistance on how to perform historical research on patents and trademarks.
- Assist patrons to locate assignee information and show patrons how to track current research by company or nonprofit.

The lead PTRC Representative will ensure that the Library complies with the necessary requirements to be recognized as a PTRC under the provisions of 35 U.S.C. § 2 (a) (2) (which provides that USPTO shall be responsible for disseminating to the public information with respect to patent and trademarks) and 35 U.S.C. § 12 (which provides for the dissemination of agency information to libraries for an annual statutory fee, currently set at \$50). Furthermore, the lead PTRC Representative shall:

- Provide metrics on the use of patent and trademark services provided by the Library as stipulated by the USPTO.
- Provide metrics on outreach efforts conducted by the Library as stipulated by the USPTO.
- Attend the USPTO-hosted PTRC training seminars generally held on an annual basis.

PTRC Representatives are not attorneys; they shall not offer legal advice or endorse any commercial legal service. PTRC Representatives are not business advisors; they shall not offer business advice or endorse any commercial business.

1. *PTRC services are by appointment only.*
2. *PTRC Representatives shall not sign a nondisclosure agreement.*
3. *PTRC Representatives will clearly state that all sample searches are for demonstration purposes only.*
4. *PTRC Representatives shall not inquire or attempt to obtain information pertaining to a patron's invention.*
5. *PTRC Representatives shall not perform a search for a patron's invention.*
6. *PTRC Representatives shall not ask for or try to obtain information about a patron's mark.*
7. *PTRC Representatives shall not perform a search for a patron's trademark.*
8. *PTRC Representatives shall not discuss patron information with a third party.*

9. NEW POLICY – **Passport Acceptance Facility Policy - 700-400** (1st reading)

Trustee Brianna Baker-Stines moved to waive the reading of the Passport Acceptance Facility Policy (Policy 700-400). The motion was seconded by Trustee Thomas Maher and adopted by a unanimous 6-0 vote.

The Smithtown Library is a designated Passport Acceptance Facility (PAF) for the U.S. Department of State. The purpose of a PAF is to provide a convenient way for U.S. citizens and nationals to apply for a new passport while simultaneously protecting the integrity of the U.S. Passport.

Library staff designated by the U.S. Department of State to accept passport applications are denominated Agents. Agents will be responsible for:

- *Accepting passport applications and making sure all materials needed for processing are correctly submitted and enclosed.*
- *Collecting required fees.*
- *Ensuring all documents are handled and stored securely.*
- *Delivering passport applications and tracking their journey to the proper facility.*
- *Following procedures for proper disposal of sensitive materials.*

The acceptance agent directing the PAF is denominated the Passport Program Manager. The Passport Program Manager will be responsible for:

- *Ensuring sufficient trained agents are available to meet demand.*
- *Ensuring the facility complies with all requirements necessary for the annual facility recertification.*
- *Accepting responsibility for all agents, and applications executed at the facility.*
- *Ensuring all procedures are followed and all standards are met.*
- *Maintaining contact with the New York Passport Agency and the U.S. Department of State and assuring agents are informed of changes to passport policies, practices and procedures.*

The Library abides by rules and regulations promulgated by the U.S. Department of State. The U.S. Department of State Bureau of Consular Affairs is responsible for processing and issuing passports.

The Library is an acceptance facility only and does not approve the issuance of passports. The Library and its agents are not responsible for delays in passport processing or if a passport is not issued.

- *Passport services are by appointment only.*
- *The number of applicants attending an appointment may not encumber an agent's ability to execute his/her duties nor shall the number of applicants attending an appointment exceed any health/occupancy standards.*
- *Acceptance agents cannot accept DS-82 renewal forms. Those eligible to utilize the DS-82 form have the option to apply for a new passport using the DS-11 form.*
- *Acceptance agents reserve the right to cancel or change passport appointments.*
- *Library staff may not have their passports processed at the Library.*
- *Passport acceptance agents may not notarize any passport-related documents.*
- *Passport photo services may be offered for a fee.*
- *Fees associated with the processing of passports shall be determined by the U.S. Department of State.*
- *Fees associated with passport photos shall be determined by the Library.*
- *Acceptable payment methods for fees payable to the Library include checks (personal, certified and cashier's) or money orders.*

- *Acceptable payment methods for fees payable to the “U.S. Department of State” include checks (personal, certified, cashier’s or traveler’s) or money orders.*
- *Acceptance agents will mail and track mailed passport application packages in accordance with U.S. Department of State guidelines.*
- *The program manager will secure and/or destroy all personally identifiable information in accordance with U.S. Department of State guidelines.*

10. NEW POLICY -- **Public Employer Health Emergency Plan for The Smithtown Special Library District - 400-10**
(1st reading)

Trustee Anita-Dowd-Neufeld moved to waive the reading of the Public Employer Health Emergency Plan for the Smithtown Special Library District. The motion was seconded by Trustee Brianna Baker-Stines and adopted by a unanimous 6-0 vote.

[3/16/2021 - This plan has been developed in accordance with NYS legislation S8617B/A10832]

Preamble

This plan has been developed in accordance with the amended New York State Labor Law section 27-c and New York State Education Law paragraphs k and l of subdivision 2 of section 2801-a.

This plan has been developed with the input of CSEA Local 1000, as required by the amended New York State Labor Law.

No content of this plan is intended to impede, infringe, diminish, or impair the rights of the Library’s employees under any law, rule, regulation, or collectively negotiated agreement.

This plan has been approved in accordance with requirements applicable to the Smithtown Special Library District as indicated by the signature of the authorized individual below.

As the chief executive officer the Smithtown Special Library District, I hereby attest that this plan has been developed, approved, and placed in full effect in accordance with S8617B/A10832 to address public health emergency planning requirements.

Signed on this 16th day of March, 2021

Purpose, Scope, Situation Overview, and Assumptions

Purpose

This plan has been developed in accordance with the amended New York State Labor Law S8617B/A10832 signed into law by the Governor of New York State on September 7, 2020. The law requires public employers to adopt a plan for operations in the event of a declared public health emergency involving a communicable disease. The plan includes the identification of essential positions, facilitation of remote work for non-essential positions, provision of personal protective equipment, and establishing protocols for supporting “contact tracing”.

Scope

This plan was developed exclusively for and is applicable to the Smithtown Special Library District. This plan is pertinent to a declared public health emergency in the State of New York which may impact Library operations; and it is in the interests of the safety of Library employees and contractors, and the continuity of Library operations that this plan has been promulgated.

Situation Overview

On March 11, 2020 the World Health Organization declared a pandemic for the novel coronavirus which causes the COVID-19 severe acute respiratory syndrome. This plan has been developed in accordance with amended laws to support continued resilience in the face of the spread of this contagion or for other infectious diseases which may emerge warranting a declaration of a public health emergency.

The health and safety of Library employees and contractors are crucial to maintaining the Library’s mission to maintain essential operations. All employees and contractors are encouraged reference the [CDC Guidance for Keeping Workplaces, Schools, Homes, and Commercial Establishments Safe](#). The fundamentals of reducing the spread of infection include:

- Using hand sanitizer and washing hands with soap and water frequently, including:
 - After using the restroom
 - After returning from a public outing
 - After touching/disposing of garbage
 - After using public computers, touching public tables, and countertops, etc.
- Practicing social distancing when possible
- Requiring that when employees feel ill they notify their supervisor immediately and go home
- Requiring employees who experience coughing or sneezing to step away from people and food and cough or sneeze into the crook of one’s arm or a tissue, the latter of which should be disposed of immediately
- Cleaning and disinfecting workstations at the beginning, middle, and end of each shift
- Observe other guidance published by the CDC, and the State or County Department of Health

Planning Assumptions

This plan was developed based on information, best practices, and guidance available as of the date of its publication. The plan was developed to largely reflect the circumstances of the current Coronavirus pandemic but will also be applicable to other infectious disease outbreaks.

The following assumptions have been made in the development of this plan:

- The health and safety of Library employees and contractors, and their families, is of the utmost importance
- The circumstances of a public health emergency may directly impact Library operations

- Impacts of a public health emergency will require appropriate safety measures be put into place and adjustments made to operations to maximize safety
- The public expects the staff to maintain essential operations
- Resource support from other jurisdictions may be limited based upon the level of impact the public health emergency
- Supply chains, particularly those for personal protective equipment (PPE) and cleaning supplies, may be heavily impacted, resulting in considerable delays in procurement
- The operations of other entities, including the private sector (vendors, contractors, etc.), non-profit organizations, and other governmental agencies and services may also be impacted due to the public health emergency, causing delays or other disruptions in their services
- Emergency measures and operational changes may need to be adjusted based upon the specific circumstances and impacts of the public health emergency, and the guidance and direction obtained from public health officials and the Governor
- Per S8617B/A10832, 'essential employee' is defined as a public employee or contractor who/that is required to be physically present at a work site to perform the Library's mission
- Per S8617B/A10832, 'non-essential employee' is defined as a public employee or contractor who/that is not required to be physically present at a work site to perform the Library's mission

Concept of Operations

The Director of the Smithtown Special Library District, or his/her designee, holds the authority to execute and direct the implementation of this plan. Implementation, monitoring of operations, and adjustments to plan implementation may be supported by additional personnel, at the discretion of the Director.

Upon the implementing of this plan, all employees and contractors of the Smithtown Special Library District shall be notified by email, with details provided, as possible and necessary, on a regular basis. Members of the Library Board of Trustees will be notified of pertinent operational changes by way of email. Other interested parties, such as vendors, will be notified by phone and/or email as necessary. The Department Head of the Community Relations Department will maintain communications with the public as needed throughout the implementation of this plan.

The Director of the Smithtown Special Library District, or his/her designee, will maintain awareness of information, direction, and guidance from public health officials and the Governor's office, directing the implementation of changes to the plan as necessary.

Upon resolution of the public health emergency, the Director of the Smithtown Special Library District, or his/her designee, will direct the resumption of normal operations or operations with modifications as necessary.

Mission Essential Functions

When confronting events that disrupt normal operations, the Smithtown Special Library District is committed to ensuring that essential functions will be continued even under the most challenging circumstances.

Essential functions are those functions that enable the organization to:

1. Maintain the safety of employees and patrons
2. Provide vital services
3. Provide services required by law
4. Sustain quality operations
5. Uphold the core values and mission of the Smithtown Special Library District

The Smithtown Special Library District has identified as critical only those priority functions that are required or are necessary to provide vital services. During activation of this plan, all other activities may be suspended to enable the organization to focus on providing the critical functions and building the internal capabilities necessary to enhance and eventually restore operations. Appropriate communications with employees, the public, and other stakeholders will be an on-going priority.

Essential functions are prioritized according to:

- The timing criticality of each essential function
- Interdependency of one function to others
- The recovery sequence of essential functions and their vital processes

The mission essential functions for the Smithtown Special Library District have been identified as:

Smithtown Special Library District On-Site, In Person Essentials Chart

Reducing Risk Through Remote Work and Staggered Shifts

Through assigning certain staff to work remotely and by staggering work shifts, the Library can decrease crowding and density at work sites and on public transportation

Remote Work Protocols

Non-essential employees and essential employees who are required to work remotely will be enabled to do so to the greatest extent practicable. Working remotely requires:

1. Identification of staff who will work remotely
2. Approval and assignment of remote work
3. Equipping staff for remote work, which may include:
 - a. Internet capable laptop
 - b. Necessary peripherals
 - c. Access to VPN and/or secure network drives
 - d. Access to software and databases necessary to perform their duties
 - e. A solution for telephone communications
 - i. Note that phone lines may need to be forwarded to off-site staff

The Director, Assistant Director, and Department Supervisors will collaborate to identify staff/positions that can effectively work remotely. Eligibility determinations regarding remote work, are within the sole discretion and subject to the Library Director's approval. Department Supervisors will be responsible for assignment and review of remote work. The Assistant Director, Network and Systems Specialist II and Department Supervisors will evaluate the equipment and software needed and available for those staff/positions approved for remote work by the Director. The Network and System Specialist II will provide software access and maintain a list of all equipment being used by staff for remote work.

Staggered Shifts

Implementing staggered shifts may be possible for personnel performing duties which are necessary to be performed on-site but are less sensitive to being accomplished only within core business hours. If practicable, management may identify opportunities for staff to work outside core business hours as a strategy of limiting exposure. Staggering shifts requires:

1. Identification of positions for which work hours will be staggered
2. Approval and assignment of changed work hours

The Director, Assistant Director, and Department Supervisors will collaborate to identify positions for which work hours may be staggered. All work schedule changes are subject to the Library Director's approval. Staggered work shifts will be between 7:00AM and 9:00PM and may include weekends. Facility safety and security measures will remain in place during staggered shifts. The Building Heads will assign a "Person In Charge" for all staggered shifts.

Personal Protective Equipment

The use of personal protective equipment (PPE) to reduce the spread of infectious disease is important to supporting the health and safety of Library employees and contractors. PPE which may be needed can include:

- Masks
- Face shields
- Gloves

Note that while cleaning supplies are not PPE, there is a related need for cleaning supplies used to sanitize surfaces, as well as hand soap and hand sanitizer. The Coronavirus pandemic demonstrated that supply chains may not be able to be maintained due to increased demand for these products early in a pandemic. As such, these supplies are cited in this section as they are pertinent to protecting the health and safety of employees and contractors.

Protocols for providing PPE include the following:

1. Identification of need for PPE based upon job duties and work location
2. Procurement of PPE
 - a. As specified in the amended law, public employers must be able to provide at least two pieces of each required type of PPE to each essential employee and contractor during any given work shift for at least six months
 - b. Public employers must be able to mitigate supply chain disruptions to meet this requirement
3. Storage of, access to, and monitoring of PPE stock
 - a. PPE must be stored in a manner which will prevent degradation
 - b. Employees and contractors must have immediate access to PPE in the event of an emergency
 - c. The supply of PPE must be monitored to ensure integrity and to track usage rates

The Smithtown Special Library District has identified the following PPE and cleaning supplies as applicable to the needs of daily operations during a public health emergency: face shields, washable masks, disposable masks, disposable gloves, washable gloves, hand sanitizer, disinfecting wipes, and disinfecting spray. Disposable/cloth masks and hand sanitizer are pertinent to all staff, while the other items are predominantly pertinent to the customer service and maintenance staff.

The following are current vendors from which the Smithtown Special Library District has purchased the identified PPE in the past and from which will continue to purchase PPE in the future:

- Amazon – amazon.com
- Ocean Janitorial – oceanjanitorial.com – 631-581-4276
- Ronco – roncopaper.com – 631-434-8288
- Suffolk Cooperative Library System – 631-286-1600
- Staples Business Advantage – staplesadvantage.com - 877-826-7755
- Uline – uline.com – 800-295-5510
- W.B. Mason – wbmason.com – 888-wbmason

The Smithtown Special Library District will store the bulk of the PPE supplies in the storage room of the Nesconset Building. Access to those PPE supplies will be limited to the Director, Assistant Director and the Senior Library Clerk (who maintains the inventory). Each building also stores PPE in their Building Head's Office for the immediate needs of staff and patrons in that building. Access to those inventories is limited to the Building Head or the Person In Charge.

The Smithtown Special Library District has also deemed health self-assessment as a PPE measure. Staff are required to submit a health self-assessment in electronic form (covidtracker.org) at the beginning of each shift.

Staff Exposures, Cleaning, and Disinfection

Staff Exposures

Staff exposures are organized under several categories based upon the type of exposure and presence of symptoms. Following CDC guidelines, the following protocols are established:

- A. If employees are exposed to a known case of a communicable disease that is the subject of the public health emergency:
 1. Exposed employees who do not possess symptoms but have received a quarantine or isolation order from a federal, state, or local agency or have been advised by a health care provider to self-quarantine due to concerns related to a communicable disease should remain at home or in a comparable setting and practice social distancing for the time designated by the entity or agency issuing the order or directive.
 - a. The employee is required to notify his/her direct Supervisor or his/her designee. The direct Supervisor or his/her designee will then notify the Building Head, Director, Assistant Director, Administrative Assistant, Senior Account Clerk and Personnel Assistant. The Administrative Assistant is responsible for ensuring these protocols are observed.
 - b. If practicable, the employee may be permitted to work remotely during this period of time if her/she is not ill and such assignment is approved by the Director (see the section titled Documentation of Work Hours and Locations for additional information on contact tracing).

2. Exposed employees who do not possess symptoms and have not received a quarantine or isolation order from a federal, state, or local agency or have not been advised by a health care provider to self-quarantine should indicate such in the electronic health self-assessment tool and should notify their direct Supervisor. They are permitted to work under the following conditions:
 - a. Additional precautions including but not limited to the requirement of the subject employee or contractor, as well as others working in their proximity, to wear appropriate PPE at all times to limit the potential of transmission.
 - b. In-person interactions between the subject employee and other staff will be limited to the extent practicable.
 - c. Work areas in which the subject employee is present will be disinfected according to current CDC/public health protocols multiple times per day, as practical. See the section on Cleaning and Disinfection for additional information on that subject.
 - d. If at any time the employee exhibits symptoms, refer to item B below.
 - e. The direct Supervisor, Administrative Assistant and the Assistant Director are responsible for ensuring these protocols are followed.
- B. If an employee exhibits symptoms of the communicable disease that is the subject of the public health emergency:
1. He/she should immediately be separated from other employees, patrons, and visitors. He/she should immediately be sent home with a recommendation to contact their physician.
 2. Employees who exhibit symptoms outside of work should notify their supervisors and stay home, with a recommendation to contact their physicians.
 3. Employees should not return to work until they have met the criteria to discontinue home isolation per CDC/public health guidance and have consulted with a healthcare provider.
 4. The Smithtown Special Library District will require sick employees to provide a negative test result for the disease in question, a healthcare provider's note to address their illness/symptoms, or a quarantine or isolation release order from a federal, state or local agency.
 5. The direct Supervisor, Administrative Assistant and the Assistant Director are responsible for ensuring the above protocols are observed.
- C. If an employee has tested positive for the communicable disease that is the subject of the public health emergency:
1. Apply the steps identified in item B, above, as applicable.
 2. Areas occupied for prolonged periods of time by the subject employee will be cleaned and disinfected.
 - a. Any common areas entered, surfaces touched, or equipment used shall be cleaned and disinfected immediately (see the section on Cleaning and Disinfection for additional information on that subject).
 3. Identification of potential employee exposures will be conducted:
 - a. If an employee is confirmed to possess the disease in question, the Director or his/her designee should inform all known contacts of his/her possible exposure. Confidentiality shall be maintained as required by state and federal law and regulations.
 - b. Apply the steps identified in item A, above, as applicable, for all potentially exposed personnel.
 4. The direct Supervisor, Administrative Assistant and the Assistant Director are responsible for ensuring these protocols are observed.

It is recognized that there may be nuances or complexities associated with potential exposures, close contacts, symptomatic persons, and those testing positive. The Library will follow CDC/public health recommendations and requirements and coordinate with the local public health office for additional guidance and support as needed.

Cleaning and Disinfecting

CDC/public health guidelines will be implemented for the cleaning and disinfection of surfaces/areas. Present guidance for routine cleaning during a public health emergency includes:

1. As possible, employees will clean their own workspaces in the beginning, middle, and end of their shifts, at a minimum.
 - a. High traffic/high touch areas and areas which are accessible to the public will be disinfected frequently.
 - b. Custodians are responsible for the cleaning of common areas and staff areas frequently.
2. Staff tasked with cleaning and disinfecting areas will be issued and required to wear PPE appropriate to the task.
3. Soiled surfaces will be cleaned before being disinfected.
4. Surfaces will be disinfected with products that meet EPA criteria for use against the virus in question and which are appropriate for that surface.
5. Staff will follow instructions of cleaning products to ensure safe and effective use of the products.

Employee Leave

Public health emergencies present extenuating and unanticipated circumstances which the Smithtown Special Library District is committed to reducing impacts on staff. The *New York State COVID-19 Paid Sick Leave Act* provides requirements related to the COVID-19 pandemic. The Library will follow the directives of any federal and state laws and regulations, as long as they remain in effect. The Library's policies may change based upon changes in law and regulation, as applicable.

Employees who travel out of state voluntarily will be required to use their own paid leave if they are required to test or quarantine prior to a return to work, based on current State requirements related to the COVID-19 pandemic.

Additional provisions may be enacted based upon need and the guidance and requirements put in place by federal and state employment laws, FMLA, executive orders, and other authoritative sources.

Documentation of Work Hours and Locations

In a public health emergency, it may be necessary to document work hours and locations of each employee to support contact tracing efforts. Identification of locations shall include on-site work, off-site work and visits. This information may be used by the Smithtown Special Library District to support contact tracing within the organization and may be shared with local public health officials.

On-site work is tracked via an electronic time management system. Employees working from home will use an 'off-site' designation of home in the notes field in the electronic time management system. Employees making off site visits will use off-site designation with "the name of the location" in the notes field of the electronic time management system.

Housing for Essential Employees

This is not applicable to the Smithtown Special Library District's employees.
