The conversion equipment will include instructions to inform you how to produce these digital files from your current media. The Library has also produced videos to assist in the conversion process. Staff members may not be in a position to assist you with this equipment.

Personal Information: Storage media that complement each device must be cleared of any content you have created after you have completed your conversion. The Smithtown Library and its employees will not be deemed responsible for any material remaining on any devices.

Returning Items: Items and devices must be returned directly to Reference personnel so that they may check it in and omit it from the patron's library account. Items may NOT be returned to a Library Drop Box NOR to any facility other than one of the four Smithtown Library Buildings (Smithtown Building, Commack Building, Kings Park Building, or Nesconset Building).
